The agentic experience

Use the tools yourself before you direct anyone else to. A hands-on agentic AI workshop for boards and executives.

> ## What can AI actually do, experienced first-hand?

Who it is for

- Supervisory board and executive team
- Maximum 10 participants
- A laptop with permission to install tools
- A short setup before the session, with our step-by-step guide

What you leave with

- First-hand experience of what agentic AI can do, and where it fails
- Your own working AI desktop toolkit, connected to the applications you use daily
- An application you built and deployed, and an agent you taught a skill
- A clear view of the cognitive, emotional and security risks of AI use

Format

Duration	Half day (3.5 hours)
Format	Hands-on workshop
Audience	Supervisory board and executive team
Delivery	Location, language and remote suitability agreed per engagement.
Group size	Maximum 10 participants
Language	Agreed per engagement
Price	Tailored proposal

About

The agentic experience extends executive intuition through a hands-on, facts- and experience-based workshop on agentic AI. It is the hands-on heart of board-level AI preparedness. You work with practical AI workflows in a controlled learning environment, feel what is possible, and use the tools yourself before you direct anyone else to.

Contents

Your AI desktop toolkit
Guided setup and walkthrough of a modern AI desktop toolkit, adjusted for a senior executive audience.

Put it to work
Connect your daily applications, work with AI on real tasks, build dashboards, and defend yourself against AI slop from your organization.

Cybersecurity
Personal and company cybersecurity aspects of working with AI.

Feel the power
Prompting and iteration, building and deploying your own application, teaching an agent a skill, and setting up a team of agents for bigger projects.

The dark side of AI use
The cognitive and emotional hazards: immediacy, dependency, false productivity, frustration and wasted time.

How it works

1. **Before.** Participants set up their laptops in advance, with our step-by-step setup guide and support.
2. **The session.** A half day (3.5 hours) of hands-on work, in a controlled learning environment.
3. **After.** Presented materials and templates are shared. Optional recordings and transcripts are agreed with participants.

How to book

Request this session at grow.studio/contact, or email jaco@grow.studio.

Location, language and remote suitability agreed per engagement.
