About

An advisor for the broader transformation team: diagnostic, ambition setting, use-case prioritization, governance design, change management, knowledge, templates, connection to experts, metrics and execution monitoring.

How we work together

Cadence	The team weekly, plus homework or one-to-one sessions
Commitment	Typically 3 hours a week
Typical engagement	[Typical engagement length: to confirm]

How it works

1. **Before.** An intake with the transformation lead to agree scope and priorities, often based on the AI strategy diagnostic.
2. **Each week.** A weekly session with the team, plus homework or one-to-one sessions as needed.
3. **After.** Metrics and execution monitoring, reviewed with the team and its sponsor.
